

SHAPE 65

Product Sheet

MADE IN
FRANCE

Shape 65 is the reference of the Shape line. Although it's dedicated to nearfield monitoring, this monitor enables extraordinary monitoring quality, in the lowest to the highest frequencies. Simply a must, this product will express its full potential from a listening distance of 3ft away (1 m).

Key points

- Low tweeter directivity for a flexible listening position
- Designed without a port allowing it to be placed near a wall
- Numerous settings for optimal integration
- Accurate control, even in the very high end
- Flax sandwich cone: controlled and articulated bass, natural and detailed lower midrange and upper mid-range registers
- Fastening mechanisms present on the back and underneath the loudspeaker: for installing on the ceiling or a wall (fastening accessories not supplied)
- Threads for ceiling and wall mounts (fastening accessories not supplied)
